## MOST EFFECTIVE POLITICIAN

### Premier David Burt

Bermuda's youngest ever premier, Edward David Burt, also holds the title of Minister of Finance which shows the faith his party has in their captain. He ascended to the title after his party won the 2017 election amidst a turbulent time and a struggling economy, and while the ship still needs some righting, the seas have seemed calmer lately with him at the helm.

### Places Gombeys

Places Gombeys is the oldest gombeys group in Bermuda with over 60 years in existence. Dancers are usually male, and perform in groups of 10-30<sup>[1]</sup> though in modern times female groups have emerged. The traditions have been passed down orally from one generation to the next within families and the Captains of each troupe determine the direction of the troupe and style that is taught. Thus within troupes there can be found subtle but distinct differences in beats, dances, costumes, headdresses, by which they can each be recognized.

The **Gombeys** is an iconic symbol of Bermuda, a unique performance art full of colorful and intricate masquerade, dance and drumming. This folklife tradition reflects the island's blend of African, Caribbean and British cultures.
